PROFILE

I am a detail-oriented and analytical individual with a strong foundation in engineering principles and problem solving. I am experienced in technical analysis, teamwork and project execution. I am eager to contribute to innovative and impactful solutions with a commitment to continuous learning and professional growth.

EDUCATION

BSc. Petroleum Engineering **January 2021 — September 2025**

Kwame Nkrumah University of Science and Technology (KNUST), Kumasi, Ghana

W.A.S.S.C.E (Science) September 2018 – September 2021 Prempeh College

WORK EXPERIENCE, Road Construction.

- Supervised road proects and assisted with documentation.
- Supported quantity tak- off and material tracking
- Worked with project teams on ongoing construction activites

PROJECTS/RESEARCH EXPERIENCE Oil Production Predicted Using Decline Curve Analysis And ARIMA Model

- Developed a hybrid forecasting model combining traditional decline curve methods with ARIMA time series analysis.
- Analyzed historical production data to evaluate model accuracy and reliability.
- Presented findings with visualizations and recommendations for field development planning..

VOLUNTARY/EXTRA-CURRICULAR ACTIVITY, Web Development

- Developed practical knowledge on HTML, CSS, responsive web design, JavaScript and Python
- Read a lot of theories and worked on multiple projects
- Took an online certification exams
- Built a personal portfolio website

SKILLS AND ABILITIES

- Proficient in Microsoft Suite.
- Critical thinking and problem solving.
- Good knowledge of reservoir simulation tools(ECLIPSE 100).
- Good programming in Python and MATLAB
- Excellent web developing skills
- Ability to collaborate with team members

REFEREES

Dr. Stephen Adjei
Lecturer
KNUST Dept. PETROLEUM ENGINEERING
Email: petrol.knust.edu.gh

Engineer Theophilus Quaynor
Chief Roads Engineer
Department of Urban Roads
+233 24 498 1008

Surv. Emelia Gyamfua Cofie
Quantity Surveyer
Department of Urban Roads
+233 24 417 7121
